Other info

[Important Post-Covid Service Information]

Please refer to <https://www.aatkins.com/> for the latest updates during the post-Covid period.

- Fitness Requirements: Low level of fitness required

- Top End Wet Weather Information - During the wet season in the Top End of the Northern Territory (November to April) heavy rain and flooding can preclude access to Ubirr, East Alligator River, Jim Jim Falls and Arnhem Land. Alternative touring will be arranged if access cannot be gained to such areas

• OVERVIEW •

Darwin Jumping Crocs & Nature Adventure Half Day Tour

Spectacular Crocodile Cruises takes you on the Adelaide River to educate you on crocodile biology, territorial habits, and their value to the eco system. On this cruise your wildlife guide offers the crocs a taste of buffalo meat in return for them swimming out to say hello and show their incredible hunting techniques. At Window on the Wetlands Visitor Centre learn about wildlife and Aboriginal history and enjoy the views across the Fogg Dam Conservation Reserve.

Darwin Jumping Crocs & Nature Adventure Half Day Tour

Darwin

The Northern Territory's capital Darwin might be the smallest capital city in Australia but it is rich in Aboriginal culture, steeped with history and offers plenty of things to see and do. Once a small port, today Darwin is a thriving modern city that also has iconic natural sights such as Kakadu and Litchfield National Parks and Katherine Gorge right on its doorstep, Darwin is the best place to explore and experience the Top End of Australia.

Highlights

- Cruise on the Adelaide River, home to over 1,600 crocodiles
- View these prehistoric creatures up-close as your wildlife guide entices them to leap out of the water for a taste of buffalo meat
- Learn about crocodile biology, territorial habits and their value to the eco system
- See an amazing array of native birdlife
- Visit Window on the Wetlands Visitor Centre
- Enjoy superb views across the floodplains. Green season views can often be accompanied by spectacular lightning storms
- Interactive displays offer an insight into the ecological processes that occur in the wetlands
- Visit Fogg Dam Conservation Reserve, where the scenery is impressive year-round, and as the wetlands recede, the dam becomes a birdwatcher's delight
- Because of its monsoon and eucalypt forest, melaleuca woodland and open water, the area attracts a diverse range of reptiles, mammals and marsupials

• POLICY •

Cancellation Policy
