- Camera
- Money / credit card for optional purchases

Other info

- Children under 17 must be accompanied by an adult..
- All tours must have a minimum of two adults to run.
- Visitors participate in the tour activity at their own risk.

• OVERVIEW •

Jewel Cave Augusta Single Cave Entry Jewel Cave is the biggest show cave in Western Australia; comprising three massive chambers. It is also home to one of the longest straw stalactites found in any tourist cave in Australia.

Jewel Cave Single Cave Entry

Jewel Cave is an extremely well decorated cave, containing many beautiful examples of delicate helectites, cave coral, pendulites, a very large stalagmite called 'The Karri Forest', and beautiful examples of flowstone such as 'The Frozen Waterfall' and 'the Organ-pipes'.

Fossilised remains of several Tasmanian Tigers or 'Thylacines' have been discovered within Jewel Cave's chambers, safely preserved more than 3000 years after the unusual marsupial became extinct on mainland Australia. There is a skeleton of a thylacine on display in the Jewel Cave centre.

Fully guided one-hour tours showcase the breathtaking magnitude of Jewel Cave. Visitors will see towering crystal creations that have taken thousands of years to form, and intricate decorations stretching and suspended across the ceiling, like vines and dancing cobwebs. They'll also hear stories of the now-extinct Tasmanian Tigers that fell into the cave and perished.

The awe-inspiring crystal journey is perfectly complemented with the option of a self-guided Karri Walk through towering forest giants, at the end of the visit.

• POLICY •

Cancellation Policy
