How to get there

How to get to Port Lincoln

• Fly

Airlines Regional Express (REX) and QantasLink service the Port Lincoln airport with several departures daily. Flights to and from Adelaide are approximately 45 minutes long.

• Airport Shuttle Bus

When flying Qantas, a shuttle bus is available from Port Lincoln Airport stopping at all major Accommodation and Hotels. It is the cheapest and easiest way to get into city from the Airport dropping to all accommodations. Please note if you are flying with Rex bookings are essential.

• Drive

The Eyre Peninsula is a fantastic self-drive destination. Located at the very bottom tip of the EP, Port Lincoln is approximately 7–7.5 hours from Adelaide.

How to get to Departure Point

- Please make your own way to the Departure Point.

South Australia Port Lincoln White Shark Tour

To see a great white shark in the wild is truly a memorable thing. The cruise with the world's first Aqua sub now makes this a reality for everyone. As the creators of Australia's first Advanced Eco-certified White Shark Tour, offers visitors a once-in-a-lifetime opportunity to view the legendary Great White Shark in its natural habitat.

Port Lincoln White Shark Tour

Your day begins in the departure lounge. Check in, enjoy a light breakfast before boarding the Shark Warrior.

The full day tour takes you from Port Lincoln marina to 'shark bay' at Neptune Island, approximately 70 kms south of Port Lincoln, South Australia. This is a white shark tour plus. Focusing on the environment with trained passionate staff offers more than just sharks. On the way, see spectacular scenery as you cruise through the Thomy Passage and expect sightings of inquisitive local dolphins and sea birds. Learn from the locals, get off brochure insights into hot tips to visit stay play and fish. Discover remote places and ancient history from the perspective of mariner explorer.

To ensure to protect the natural environment, audio sound vibrations are used to attract the sharks to the boat rather than berley, blood and bait. Apart from ecological, environmental and social licence benefits of this, using sound vibration is omnidirectional (that is, it travels in all directions underwater), it's instantaneous and completely eco friendly – and funnily enough, the great white shark's favourite choice of music is the rock tunes from AC/DC. Lately they have also taken a liking to The Hilltop Hoods!

Highlights

- Bait and berley free – Caring for the sharks and the marine environment is the top priority!
- Smaller group sizes – Take a maximum of 27 people per trip to ensure you have the greatest chance of interaction.
- Aqua Sub – Jump in the Aqua Sub, NO MORE TO PAY. This advanced piece of technology is included in the observer price. Stay completely dry and see all you would in the cage.
- Get you there quicker – it is the fastest boat to Neptune Islands.
- Free Photos – All photos taken by crews on the day are emailed to you for free after your tour!
