Each Fully 6 slide will offer a unique splash-tacular experience, with twists, turns and drops to get your adrenaline going. These unique body slides will be the purest form of water slides that you can experience, with just you, the water and a big splash at the bottom.  
With six slides to choose from with varying thrill levels, you can make your choice and take the plunge, with slides that are open-aired, enclosed with light effects, partially enclosed or totally steep for the ultimate body slide experience!  
Splash into action and take the plunge down not one, but six new body slides, all in one place!

- CAVE OF WAVES**  
 The 2,685 square metre body of water begins to breathe with an ocean-like swell reaching heights of 1.5 metres. Deep inside the Cave of Waves, Surf God Huey's guttural groans can be heard in answer to your calls for the perfect wave. WhiteWater World's Cave of Waves pushes the boundaries of wave pool technology with a surging swell travelling over 50 metres to shore. It's the perfect place for families to kick back on the beach or swim under the watchful eye of lifeguards and high tech, underwater cameras while Huey throws out his very best.
- PIPELINE PLUNGE**  
 Two fun-filled icons have merged in one exciting place at the Pipeline Plunge. The enormous "tree fort" combines water with a playground, creating a world of splash-tacular fun. Calculate your timing perfectly for the ultimate plunge. Come and experience the kind of playground!
- SUPERTUBES HYDROCOASTER**  
 Experience the slide that you not only ride down but up as well!  
 The SuperTubes Hydrocoaster is a watery course that rushes you downhill and also propels you up through both open-aired and closed-in sections of the slide. Take a place on a raft which seats 2-3 people and enjoy the fast and slippery ride!
- WIGGLE BAY**  
 Have a Wiggly-wonderful time in this haven made for parents and young children – away from the hustle and bustle of the other WhiteWater World slides and attractions. Complete with mini slides, interactive sprays, colourful water cannons and giant instruments – you can splash, play, and create your own Wiggly music all day.
- TEMPLE OF HUEY**  
 For maximum thrills, The Temple of Huey is intertwined between the tracks of Dreamworld's SideWinder rollercoaster and offers three different slides - Screamin' Right Handers, Broken Headz and the Cut Snake. Riders can feel the ultimate rush on Screamin' Right Handers, take a trip back to Byron Bay on Broken Headz or get gnarly on the Cut Snake. In a specially designed tube for two, take it to the limit on three different slides. With a combination of open and closed high-speed drops, fast and slow sections and criss-crossing twists and turns, The Temple of Huey is every water park enthusiast's holy grail.
- THE LITTLE RIPPERS**  
 The Little Rippers utilises singular and two man tubes, allowing for the creation of smaller tunnels and delivering larger levels of speed into the barreling bowls. The Little Rippers is the first duelling cannon bowl water ride in the world to turn in opposite directions, one clockwise and the other anti-clockwise to create the "duelling" effect. Most significant is the "centre-core corkscrew exit" - this ground breaking technology and design creates a safe, smooth and consistent rider motion through the centre of the bowl and into the plunge pool.
- TRIPLE VORTEX**  
 Enjoy high accelerations and decelerations as your raft manoeuvres through the three Funnels, connected by a series of slide sections under partial light levels. The Triple Vortex is the hottest tubing ride on the planet! Its compact design and adventure riding experience winds riders through dark serpentine tunnels and multiple open funnels! Triple Vortex funnels oscillate you as the rider several times before dropping them back into the ride and onto the next funnel! Each installation is uniquely oriented delivering completely different adventure, while comfortably maintaining a capacity of up to 30 riders per hour.
- THE GREEN ROOM**  
 Usually, only a select few get to enter The Green Room – the deepest, most awe inspiring part of a wave. But now WhiteWater World takes you to the centre of every surfer's universe, inside the tube and into The Green Room. Towering 20 metres above the ground, The Green Room is a massive, 1.5 million dollar funnel of fun! The specially designed 4 person cloverleaf tube accelerates riders from a 75 meter tunnel to a 15 metre funnel before a big drop out! Ride into the upper hemisphere, off back-to-back "vertical" banks before an epic splashdown. The Green Room also comes complete with a conveyor belt to carry your tube to the top.
- THE WEDGIE**  
 Step inside the launch chamber of WhiteWater World's power slide, The Wedgie and peer five stories down. The wildest drop of them all, when the trap door triggers you plummet feet first down the translucent pipe and barrel through Australia's only human half coil. At the splash down pool the Aussie Cossie braking system kicks in and the fast tug on cheeks gives "rise" to the slide's bold name. The Wedgie is not for the faint-hearted and it's only on impact that you realise you've been "Wedgied".
- THE RIP**  
 Sweep through the exciting twists and turns on the Rip. Launch from the 16 metre tower into 12 metres of pitch black before blasting into a massive bowl of WhiteWater's best. After the massive whirlpool of high speed revolutions, ride into the corkscrew core, blasted through a huge curtain of water to experience a momentary weightlessness before launching into the plunge pool below.
- THE BRO**  
 Challenge your fellow riders to a water-filled battle as you race down The BRO. Put your slide power to the test and let your friends feel the sting of your glory! Jump on your mat and prepare to scoot head first down a 120m maze of exciting twists and turns. Get the thrill of a lifetime as you reach speeds of around 50 km per hour.
