- Physical fitness is not a requirement to enjoy a ballooning adventure, but passengers must be able to climb up and into the basket (approx. 1.2 metres in height) unaided using the basket foot holes and stand for the duration of the flight. Assisting the crew to pack up is entirely voluntary and does require some lifting.

Weather Conditions

- Safety is the primary concern and if the tours are prevented from flying due to unsuitable weather conditions passengers may either rebook to another day or receive a full refund. The pilot's decision with regard to safe flying conditions is final.
- Where possible the balloon flight should always be booked for the first available day in the area to allow for rebooking in case of bad weather.

• OVERVIEW •

Alice Springs 60 Minute Balloon Flight Tour

Experience the breathtaking feeling of floating silently above the Outback as the sun slowly rises over the desert on this awe-inspiring ballooning adventure.

Alice Springs 60 Minute Balloon Flight Tour

Journey to the launch site in the cool pre dawn darkness and begin the ascent just as the morning light begins to illuminate the rugged MacDonnell Ranges. Float gently across the vast expanse of the Central Australian outback - keeping an eye out for native wildlife including the iconic red kangaroo and gain an appreciation of the remoteness of the area as the balloon glides across the landscape.

After landing, you may become involved in assisting the crew as they pack the nylon balloon back in to its bag or may prefer to take photographs, the choice is yours.

At the ballooning landing site, there is time to enjoy the desert tranquillity as light refreshments accompanied by sparkling wine and tropical fruit juice are served. There is an opportunity to purchase ballooning souvenirs (at own expenses) and a commemorative flight certificate is given to all participants.

Flight distance will typically be between 10 and 20 kilometres. The balloon flight takes place approximately 15 kilometres to the south of Alice Springs adjacent to the MacDonnell Ranges and over the historic Owen Springs Cattle Station.

Return transfers from all accommodation in Alice Springs is included with every flight. Pick up time is approximately 1 hour before first light - time will be given when booking and exact time will be confirmed when you re-confirm the day prior to flight booked. Transfers (at the end of tour) to the airport or other tours are available on request.

Children 3-5 years are not recommended but considered on an individual basis.

Depending on many operational factors, which vary each day, passengers may be on the ground or in the balloon when the sun is actually coming over the horizon or rising, either way you will still see an amazing dawn.
